TABLE II

VARIATION IN POPULATION SINCE 1881

This table compares the population as now ascertained with that of the three previous Censuses. The figure for the latter date from the how the Report of the Census Commission owing to the reconstitution of districts during the decade 1891—1901. The effect of changes on the population of districts brought about by district transfer has been calculated and the figures have been adjusted accordingly.

II. During the decade besides numerous other changes the district of Lingga was abolished and its taluk transferred to Gubarga and Bidar district. The district of Adilabad was enlarged by the addition of taluk from the adjoining districts. The old districts of Elgandal Sirpur-Tandur and Indur have been designated as Karimnagar, Adilabad and Nizamabad respectively.

PROVINCIAL TABLE I

AREA AND POPULATION OF TALUKAS

- 1 The figures of 1891 for the city by ward divided by Taluk are
not available
- 2 Owing to the general readjustment of districts between 1901 and 1911 the Talukas have
undergone changes to such an extent that the figures for 1901 are of no practical
importance. The process of adjustment applied to the wards with the Talukas was well
illustrated by the figures for the result. Hence the figures for 1901
- 3 The population of the province was not correctly divided that of Chhota Nagpur instead
of the fifth city was done in the last census
